

Cuenta de desarrollador en Twitter

Instrucciones

1. Crear cuenta de Twitter.
2. Aplicar a una cuenta de desarrollador en Twitter en <https://developer.twitter.com/en/apply-for-access>

The screenshot shows the 'Apply for access' page on the Twitter Developer website. The browser address bar shows the URL developer.twitter.com/en/apply-for-access. The page header includes the Twitter Developer logo and navigation links: 'Use cases', 'Solutions', 'Products', 'Docs', 'Community', 'Updates', 'Support', 'Apply', and a search icon. The main content area has the heading 'Get started with Twitter APIs and tools' followed by a large 'Apply for access' title. Below the title, a paragraph states: 'All new developers must apply for a developer account to access Twitter APIs. Once approved, you can begin to use our standard APIs and our new premium APIs.' There are two buttons: 'Apply for a developer account' and 'Restricted use cases >'. A section titled 'New premium APIs.' follows, with a paragraph explaining that new premium APIs bring reliability, stability, and access to enterprise APIs. It mentions the Search Tweets API and the Account Activity API. At the bottom of this section is a link: 'Apply for a developer account >'. The footer of the page shows the Twitter logo and the word 'TWITTER'.

3. Seleccione el propósito de su cuenta de desarrollador. Puede ser cualquiera, le sugiero “Estudiante”.

Get access to the Twitter API

#welcome

We're excited you want to use Twitter APIs and data!

As a developer platform, our first responsibility is to our users: to provide a place that supports the health of conversation on Twitter.

This application process helps us to:

1. Prevent abuse of the Twitter platform.
2. Better understand and serve our developer community.

Thank you for your time and thoughtful responses.
Applications are final once submitted and can't be edited.

What is your primary reason for using Twitter developer tools?

We'll help you on your path to getting the most out of Twitter APIs and data.

Professional ...for commercial uses	Hobbyist ...for a personal project	Academic ...for education or research	Other I don't fit any of those
<input type="radio"/> Building B2B products	<input type="radio"/> Making a bot	<input type="radio"/> Doing academic research	<input type="radio"/> Embedding Tweets on a website
<input type="radio"/> Building consumer products	<input type="radio"/> Building tools for Twitter users	<input type="radio"/> Teaching	<input type="radio"/> Doing something else
<input type="radio"/> Build customized solutions in-house	<input type="radio"/> Exploring the API	<input checked="" type="radio"/> Student

4. Llene las preguntas que aparecerán a continuación. De referencia, esto fue lo que yo escribí, pero usted puede poner lo que desee.

How will you use the Twitter API or Twitter data?

All fields are required unless marked optional

In your words

In English, please describe how you plan to use Twitter data and/or APIs. For students and teachers, please include the name of the school, the name of the instructor and the course number (if available). The more detailed the response, the easier it is to review and approve.

I am studying data analytics at Konrad Lorenz University (Bogotá, Colombia) and for my Natural Language Processing class I will need to obtain Twitter data for one homework. I will perform basic analysis on this data.

Response must be at least 200 characters ✓

The specifics

Please answer each of the following with as much detail and accuracy as possible. Failure to do so could result in delays to your access to the Twitter developer platform or rejected applications.

Are you planning to analyze Twitter data?

☒ Yes

Please describe how you will analyze Twitter data including any analysis of Tweets or Twitter users.

I will run sentiment analysis on the Tweets collected. I will also do basic analysis on the data such as word counts, emoji counts, etc.

Response must be at least 100 characters

Will your app use Tweet, Retweet, like, follow, or Direct Message functionality?

☒ Yes

Please describe your planned use of these features.

No, I will only collect data with this project. I want to have the option to Tweet for test purposes.

Response must be at least 100 characters

Will your app use Tweet, Retweet, like, follow, or Direct Message functionality? ☒ Yes

Please describe your planned use of these features.

No, I will only collect data with this project. I want to have the option to Tweet for test purposes.

Response must be at least 100 characters ✓

Do you plan to display Tweets or aggregate data about Twitter content outside of Twitter? ☒ Yes

Please describe how and where Tweets and/or data about Twitter content will be displayed outside of Twitter.

I will present the results of my project in class at the end of the semester. I might or might not upload these results to GitHub as well.

Response must be at least 100 characters ✓

Hay una pregunta en la que quieren saber si nosotros vamos a compartir esta información con algún gobierno. En esta clase nosotros **no** vamos a compartir esta información con ningún gobierno.

The screenshot shows the Twitter Developer Agreement & Policy page. The browser address bar displays `developer.twitter.com/en/application/terms`. The page has a purple header with navigation links: Developer, Use cases, Solutions, Products, Docs, Community, Updates, Support, Apply, and Apps. The main content area is divided into two sections. The left section, titled "Developer Agreement & Policy", contains the text: "We've carefully crafted our developer terms to help guide you in keeping Twitter a healthy and open platform for all." and "We know it's long. Thanks for taking the time to read our terms." The right section, titled "Please review and accept", contains the "Developer Agreement" text, which states: "Effective: March 10, 2020. This Twitter Developer Agreement ('Agreement') is made between you (either an individual or an entity, referred to herein as 'you') and Twitter (as defined below) and governs your access to and use of the Licensed Material (as defined below). Your use of Twitter's websites, SMS, APIs, email notifications, applications, buttons, embeds, ads, and our other covered services is governed by our general Terms of Service and Privacy Policy." Below the agreement text is a checkbox with the text: "By clicking on the box, you indicate that you have read and agree to this Developer Agreement and the Twitter Developer Policy, additionally as it relates to your display of any of the Content, the Display Requirements; as it relates to your use and display of the Twitter Marks, the Twitter Brand Assets and Guidelines; and as it relates to taking automated actions on your account, the Automation Rules. These documents are available in hardcopy upon request to Twitter." At the bottom of the page, there is a footer with the text: "© 2020 TWITTER, INC. PRIVACY COOKIES TERMS OF SERVICE DEVELOPER POLICY & TERMS".
